

Pure Offroad RV
Custom Iveco Daily 4x4 Parts

- Kevlar fuel tank Guard
(Light weight bash resistant guard protecting the standard factory fuel tank)
- Kevlar Ad-blue Injector Guard
(Protect the Ad-blue injector from damage and not have limp mode unexpectedly!)
- Carbon fiber wash hand basin
(Compact, light weight wash hand basin to save space, wall mounts in a corner section)
- Aero roof scoop / deflector
(Improve aero efficiency with a fixed roof module for Iveco Daily)
- Fold away step module and protective case
(5 Alloy steps which compress and fold away into a protective travel case)
- Additional 120L diesel tank, electric pump and flow meter
(Alloy tank located in place of factory spare wheel and contains electric pump / digital flow meter)
- Dual spare wheel rack with manual tyre winch
(Mount 2x Michelin XZL Offroad tyres on rear chassis and manual winch access tyres)
- Relocate factory Ad-blue tank brackets
(Move Ad-blue tank approx 300mm to gain extra storage area)
- Kevlar Ad-blue tank protection
(Remove factory steel guard and protect your Ad-blue storage with a tough Kevlar guard)
